

HOW ARE YOU PROTECTING YOURSELF?

DID YOU KNOW?

In the US in 2022 there were
>1.6 MILLION cases of chlamydia
~650,000 cases of gonorrhea
~207,000 cases of syphilis

HAVING AN STI INCREASES YOUR RISK OF HIV!

ABOUT 32,000

people are diagnosed with HIV in the US every year. Anyone can be at risk for HIV!

BUILD YOUR DEFENSES!

Talk to your doctor today about getting tested for HIV and STIs and how to get PrEP. Even if you've been tested for HIV and STIs before, you may need to be tested again.

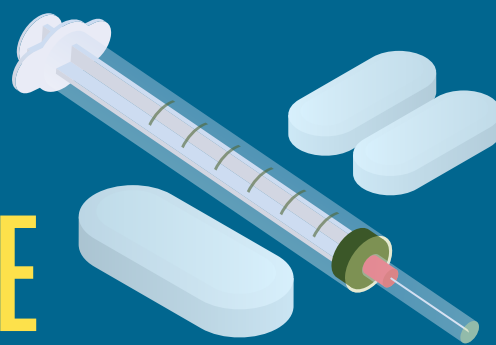

Don't share needles or other drug injection equipment!

USE CONDOMS

PrEP (preexposure prophylaxis) IS A MEDICINE YOU CAN TAKE TO PREVENT HIV.

You can take 1 pill once a day or get a shot every 2 months. It's easy!

Scan this QR code to learn more about PrEP options.
